

1000 Nm Torque Capacity Differential Assembly Advanced Manufacturing Technology Casting

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Dongfeng
- Certification: IATF 16949:2016
- Minimum Order Quantity: 100 piece
- Packaging Details: Wooden box packaging
- Delivery Time: Spot goods
- Payment Terms: T/T
- Supply Ability: Annual production of 50000 pieces

Product Specification

- Model: 4Runner
- Part Number: 41110-3D590
- Function: Transfers Power From Engine To Wheels
- Operating Temperature: -40°C To 120°C
- Country Of Origin: China
- Housing Diameter: 200 Mm
- Weight: 10 Lbs
- Speed Ratio: 3.5:1
- Material: Steel
- Lubrication: Oil
- Torque Capacity: 1000 Nm
- Shaft Diameter: 50 Mm
- Warranty: 1 Year
- Installation Instructions: Included
- Size: Standard

Product Description

Differential Product Introduction

On the path to pursuing the ultimate driving experience, our differential products are indispensable partners. We focus on providing customized differential solutions for high-performance vehicles, allowing your car to excel on the racetrack.

Product Highlights:

Lightweight Design: Uses high-strength lightweight materials to reduce the overall weight of the vehicle, improving acceleration performance and fuel economy.

Excellent Heat Dissipation: Unique heat dissipation structure effectively prevents overheating, ensuring that the differential remains stable and reliable under long-term high-load operation.

High-Precision Manufacturing: Adopts advanced manufacturing processes to ensure the precision of gear fit, improving transmission efficiency and reducing noise.

Personalized Customization: Provides personalized differential customization services based on vehicle characteristics and driver needs to meet your unique requirements.

Applicable Objects:

This series of differentials is especially suitable for high-performance vehicles such as race cars and sports cars, providing drivers with a more excellent driving experience.
